JAPAN'S PROTEST.

Objects to the Russian Cruiser Remaining at San Francisco Longer Than 24 Hours.

THE VESSEL ARRIVED ON SUNDAY.

The Collector of Customs Has Notified the State Department at Washington of Japan's Demands.

Ship Will Have Been in Port More Than 24 Hours Before Question of Right to Tie Up for Repairs is Determined.

Washington, Sept. 13.—The expected protest of Japan against allowing the Russian auxiliary cruiser Lena, which arrived at San Francisco Sunday, to remain longer than 24 hours, came Monday when the Japanese consul in that city, through the collector of customs, made formal demand that the vessel be required to leave at the end of that time.

The collector's telegram officially notifying the authorities of the arrival of the Lena, and of Japan's protest, was addressed to the secretary of the treasury, who at once sent copies to Acting Secretary of State Adee and Acting Secretary Murray, of the department of commerce and labor, who has direct jurisdiction in the matter. The telegram reads as follows:

"Japanese consul has made demand upon me that Russian auxiliary cruiser Lena, arriving at this port 11th instant, leave within 24 hours. The captain reports that he has entered for repairs of engines and boilers, principally the latter. I am requesting the inspector of hulls and boilers to make an examination of vessel's machinery, with the consent of the Russian consul and the commander of the Lena. Can find no authority in the law or regulations for the collector assuming any authority, and request instructions."

Acting Secretary Murray sent the following dispatch to the collector:

"Your telegram addressed to secretary treasury concerning Russian steamship Lena received at 4:40 p. m. You should have addressed this department as directed in circular 29."

"Wire this department hour of steamer's arrival at your port and concise resume of steamboat inspector's report, and, if repairs are necessary, the probable time required to complete them. On receipt of particulars the department will instruct your further."

The circular referred to was issued on February 13, of the present year, that if hostilities between Russia and Japan commenced, and besides containing the president's proclamation and the provisions of the statutes relating to neutrality, gave instructions to collectors that, "should any case arise requiring official action, you will communicate the facts to the department by telegraph."

The collector's telegram came after office hours, and the officials were somewhat puzzled that there was so much delay in sending it. There was a good deal of reticence on the subject on the part of officials of the department of commerce and labor and the bureau of navigation, who preferred to await the report of the steamboat inspector before making any statement. This report, it is expected, will be received some time during the night, so that the Lena will have been in port over 24 hours before the question of her right to tie up for repairs is determined.

Mr. Takahira, the Japanese minister, returned here Monday night from a brief visit to New York, and retired as soon as he reached the legation. His course here regarding the Russian ship at San Francisco will depend altogether on the state department's action, but it can be stated that the minister has every confidence that this government will act promptly, and in strict accordance with international law.

San Francisco, Sept. 13.—In an interview Monday with Navigating Officer Speckneff, of the auxiliary cruiser Lena, he was asked how long he would remain here, he said:

"We expect orders from our naval representative at Washington, who has just been advised of our arrival. It is probable that he will ask the American government for its permission to remove the guns from our decks and allow the vessel to remain here until the repairs can be finished."

When asked how long he thought that would require, he said:

"The Lena will probably remain here until the war is over. We expect that the officers and crew will be sent home by the way of New York."

On the deck were between 200 and 300 sailors. An inspection of the decks of the converted cruiser, to which no objection was made, revealed the fact that she had 25 mounted guns.

THE TOBACCO GROWERS.

Push Their Organization Against Combine for Better Prices.

Lexington, Ky., Sept. 13.—The members and friends of the Burley Tobacco Growers association met in mass convention Monday and were addressed by Hon. J. W. Newmann, representative from Woodford county, Monday President W. B. Hawkins, of the association, addressed a meeting in Williamstown, and capital stock to the amount of \$8,000 was subscribed. He stated upon his return Monday night that four-fifths of that county will be signed under contract to the association, and that he had received a communication from Andrew Harris, of Woodford county, stating that 90 per cent. of that county will fall in line.

All reports now being received are very flattering, and it looks as if the association is out of deep water and will be able to carry on a successful fight against the tobacco combine. The main object is to secure better prices for the product, and with the backing guaranteed by the Louisville Tobacco Warehouse Co., they now claim to carry out their project to the very letter.

BY ALLEGED LYNCHERS.

Body of Harris, Accused of Murder, Riddled With Buckshot.

Lebanon Junction, Ky., Sept. 13.—The body of Lewis Harris, aged 22, was found near town Monday morning by a Negro section hand. There were 22 buckshot holes from the waist to the head.

There is considerable mystery about the murder, as the appearance of the body and the position in which the man lay when found, indicate that he was killed elsewhere than where found Monday morning, and also that he was killed Sunday night.

Harris had been tried for the killing of a man of the name of Fox on the Illinois Central railroad, in Jefferson county, a year or two ago, and also for housebreaking in the last year.

It is supposed that he was killed over a woman, and was placed here by his murderer or murderers. The coroner's jury brought in a verdict to the effect that he came to his death from buckshot wounds by unknown parties.

TOOK A DRINK OF WATER.

The Strongest Man in Louisville Dropped Dead.

Louisville, Ky., Sept. 13.—William Tate, aged 35 years, the strongest laborer in Louisville, dropped dead Monday afternoon while taking a drink of water at the American Seeding Machine plant.

Tate was noted for his fine physique and unusual strength, and would break pig iron over his knee and lift great weights to show his powers. He was apparently in perfect health.

The First Kentucky Regiment.

Louisville, Ky., Sept. 13.—The First regiment, Kentucky state guard, under command of Col. Biscoe Hindman, which will go into camp of inspection at St. Louis, September 22, will leave Louisville on the night of September 21, on a special train, and will arrive in St. Louis early on the morning of September 22.

The Kentucky Oil Fields.

Frankfort, Ky., Sept. 13.—There is renewed activity in oil well operations in Kentucky. The prospect of better prices for oil has caused operators to drive new wells and drill deeper those already producing. Last week strikes were made in Cumberland. Wayne, Knox and Wolfe counties.

The Chenault Farm Sold.

Mt. Sterling, Ky., Sept. 13.—The fine blue grass farm of Anderson Chenault, deceased, has been sold at public outcry. One hundred acres was sold privately to Judge E. C. O'Rear, of Frankfort, at a fancy figure. Bishop Clay, of Lexington, purchased 156 acres for \$79 per acre.

The Cases Again Continued.

Frankfort, Ky., Sept. 13.—The Franklin circuit court was presided over Monday by Special Judge John D. Carroll, and the indictments against W. S. Taylor, Charles Finlay, John L. Powers and the others charged with the Goebel murder conspiracy, were continued.

A Boy Suicide.

Mt. Sterling, Ky., Sept. 13.—Willie Caudill, a 16-year-old schoolboy, committed suicide by jumping into Clear creek, near Morehead, Rowan county. He was a member of a prominent family, and no cause can be given for the rash act.

STILL RETREATING.

The First Part of the Campaign May Be Considered Lost to the Russians.

JAPANESE WILL ENTER MUKDEN.

The General Staff Now Estimates the Jap Forces at From 450,000 to 500,000 Men.

The Russian Army Will Reconcentrate in the North, But it Needs Several Months in Order to Fill Up the Losses.

Paris, Sept. 13.—The Journal's Liao Yang correspondent, having ridden to Tien Tsin, sends thence the following uncensored dispatch, under date of September 12:

"The first part of the campaign may be considered lost. The Russian army has retreated northward in the direction of Tie Pass, or further. The Russian army's inferiority in men, guns and enthusiasm prevented Kuropatkin's resisting longer at Liao Yang or achieving at Yental a victory which would have obliged the Japanese to fall back. The Japanese will shortly triumphantly enter Mukden."

"The Russian general staff now estimates the Japanese force at from 450,000 to 500,000. The Russian army will reconcentrate in the north, but it needs several months in order to fill up the losses in a number of corps, which must be doubled, and to replace reservists by active troops. Above all it is essential to restore the morale, affected by almost unprecedented trials and difficulties. A Russian offensive movement will be impossible for a long time. Should Russia be determined to continue the effort it might still vanquish, but at a cost wholly disproportionate to the results. As an impartial witness I am convinced that it would be to the best interest of the belligerents to sink national pride and, by mutual concessions, end a war which, otherwise, will ruin both."

Liao Yang, Sept. 8, via Tien Tsin, Sept. 13.—The looting of Liao Yang has few parallels in the annals of warfare. Three armies on three different days, had possession of the city and engaged in acts of depredation.

When the Russians entered into the occupation of Liao Yang they built a model Russian city outside the old walled Chinese town, and thousands of troops were located within its gates. When the Japanese drove the Russians out of Shanshang hills, the Russian soldiers realized that the city must fall, and forgot all discipline. They looted the town, sparing neither Chinese nor European shops, destroying what they could not carry away. They wantonly destroyed great quantities of foodstuffs and other goods, ripping open bales, bags and boxes, with the ever ready bayonet, and scattering their contents over the streets. Much liquor was found, and the soldiers, becoming drunk, committed further excesses.

During the interim of the departure of the Russians and the arrival of the Japanese, the Chinese soldiers and police finished the work the Russians began, pillaging the shops that were not found by the Russians. Then, when the Japanese came, they completed the looting. They had been fighting for five days without food, except dry rice, and broke loose upon entering the town. The Japanese looted right and left. The shops having already suffered, the Japanese turned their attention to the private houses.

THE BATTLESHIP OHIO.

She Has Been Delivered to a Representative of the Government.

Washington, Sept. 13.—The new battleship Ohio has been delivered to Capt. L. C. Logan, as the representative of the government, preliminary to being placed in commission. Capt. Logan will command the Ohio when she engages in active service, which will be with the battleship squadron of the Asiatic fleet, now consisting of only the Wisconsin and Oregon.

Train Held Up.

Letts, Ia., Sept. 13.—Rock Island train No. 11 was held up Monday night on a sharp curve at mile post 220. The safe in the baggage car was blown, and its contents taken. The messenger says there was no money in the safe. Five men were engaged in the hold-up.

Won the Cape May Cup.

New York, Sept. 13.—The three-masted schooner yacht, Atlantic, won the race for the Cape May cup, which ended Monday. She finished at Sandy Hook Lightship Monday morning, having covered the 220-mile course in 38 hours, 28 minutes and six seconds.

KNIGHTS TEMPLAR IN WRECK.

Fireman and Unknown Man Killed, and Several Injured.

Reno, Nevada, Sept. 13.—Two men were killed and several passengers were injured Monday by a collision between Southern Pacific passenger trains at Lawton, seven miles west of Reno.

The Dead: Fireman A. L. Hicks, of train No. 5; unknown man. Both were scalded to death. Among the injured are: Mrs. John Swan, Galesburg, Ill.; R. Ridley Morgan, Ridgeway, Pa.; P. H. Campbell, Freeman, O.; George Summerfield, Cleveland.

All the injured have been brought here and will recover. The second section of west-bound train No. 5, while running at a speed of 35 miles an hour, crashed into the third section of east-bound train No. 6, carrying a large party of returning Knights Templars. Each train was a double-header, with a heavy train of Pullmans and day coaches. All of the four engines are a complete wreck, as well as the baggage and day coaches of both trains. The accident was due to disobedience of orders.

NON-RESIDENT NEGROES.

All of Them Were Driven Out of Carlisle, Ind., by a Mob.

Carlisle, Ind., Sept. 13.—Jasper Hammond, colored, while resisting arrest Monday afternoon, was shot and seriously wounded by Constable T. E. Johnson. Hammond was trying to renew a quarrel with other Negroes. Monday night a mob gathered and drove all the non-resident Negroes out of the town. Race feeling is intense, and it is feared that Negroes having homes here will be compelled to leave. Hammond was taken to the Sullivan jail for safe keeping, when threats of lynching were heard.

The mob Monday night visited the home of every Negro family. Every house, except one occupied by an old family, was deserted. These people were not molested, but doors and windows in the other houses were demolished. No further trouble is expected, unless the Negro laborers make an effort to return to Carlisle on Tuesday.

MURDER OR SUICIDE?

Young Lawyer Found Dead in His Office in Chicago.

Chicago, Sept. 13.—John M. Biegler, a young lawyer, was found dead in his office, in the Title & Trust building. A revolver shot through the temple had ended life, and the police declare that he committed suicide. The friends of the man, however, assert that he was murdered. Biegler had been married but six days, and was preparing to go with his bride to spend some time at the St. Louis exposition. He is said to have drawn a sum of money from the bank for the expenses of the trip. When his clothing was searched but 30 cents was found, and it is thought that the men who killed him carried off the remainder of his money.

"DOUBLE PINE LODGE."

An Organization of Negroes Discovered Near West Point, Ga.

West Point, Ga., Sept. 13.—What is said to be a "Before Day club," out goes under the name of "Double Pine Lodge," was discovered near here in Harris county Monday, and considerable excitement was created when a Negro member weakened and informed Tom Daniels and Barlow Daniels, two prominent planters, that they were to be killed Monday night. An armed force at once gathered and two Negroes, T. J. Burden and West Billingsly, supposed to be the leaders, were captured. It is not known what was done with the Negroes, but it is supposed that they were taken to the Hamilton jail.

Four Persons Burned to Death.

New York, Sept. 13.—Four persons were burned to death and six were injured in a fire which destroyed the three upper floors of a five-story tenement at 68-70 First street early Tuesday morning. Three of the victims were men, and the fourth a woman.

STOCKYARDS RIOT.

Savage Attacks Were Made Upon the Non-Union Meat Workers Employed There.

SEVERAL WERE SERIOUSLY HURT.

Two Women Dragged From Street Car, Knocked Down and Badly Beaten Before Police Arrived.

A Woman in Another Car Was Struck in the Mouth With a Brick and All Her Front Teeth Were Knocked Out.

Chicago, Sept. 13.—Savage attacks were made upon non-union workers at the stockyards Monday night, and in the fights that followed 8 people were injured, four of them so severely that it was necessary to take them to hospitals. At Halsted and Root streets two young women, Annie Cook and Mamie Jasper, were dragged from a street car, pounded over the head, knocked down and badly beaten before the police arrived. Miss Cook was severely cut in the face, her shoulder was injured and she was taken to the hospital. Miss Jasper was struck with a brick and her face and forehead were badly cut. It was found necessary to take her also to the hospital.

Three policemen rescued the women from the mob but it refused to disperse and continued to throw stones. A west-bound car which happened to pass during the trouble was struck by several of the missiles and two of the passengers were struck. One woman was hit in the mouth with a brick, and all of her front teeth were knocked out. Anton Ashutra, a driver for a brewery, tried to drive through the crowd, and was hit in the back of the head with a brick and knocked from his wagon. His scalp was badly cut.

A call for help had been sent in, and officers soon arrived, whereupon the crowd soon scattered.

Ten minutes after the officers returned to the station they were called out to suppress a second riot, in which seven colored men employed in the stockyards, were attacked by a large crowd of strike sympathizers. Policemen went to the assistance of the colored men, and made a strong fight against the crowd. One of the Negroes was chased into an alley, where he was knocked down, kicked and badly bruised. A number of the crowd were hurt by flying stones.

ROW ON A TRAIN.

Two Men Were Killed and Two Seriously Injured.

Jacksonville, Fla., Sept. 13.—During a row on an excursion train on the Georgia Southern & Florida railway, between white men, Jackson Duncan was killed and his brother, Marshall Duncan, was dangerously wounded. Both men lived at Eddy, a station just south of the Georgia-Florida line. Jim Riley, a Negro, was killed by a stray bullet, he not being mixed in the row. Monday W. M. Duncan, father of the Duncan boys, was shot four times, as a result of the row on the train. He resides at Baxter, Fla., six miles from Eddy.

Atlanta, Ga., Sept. 13.—A special from Cordale, Ga., says a party of about 50 friends are standing guard with loaded winchesters around a house in Baxter, Baker county, Fla., in which are Charles Altman and Hilary Altman, two men who are accused of killing a Negro and a white man on an excursion train near that place Sunday night. These friends of the Altmans say that the sheriff or military will take the men over dead bodies. The two men killed were Jackson Duncan, a young white man, and Jim Riley, a Negro. William Duncan, the father of the man who was killed, was shot from ambush four times Monday. It is not known who did the shooting. It is reported that a military company from Jacksonville has been ordered to the scene. The exact cause of the trouble on the train is not known.

OCCASIONALLY you run across a fellow in Maysville who actually thinks an editor has to work. Of course there is nothing hard about the job, but then there's no excuse for the Ashland Independent giving the snap away. Here's how he lets the cat out of the bag:

"Running a paper is an easy job. All a fellow has to do is to be able to write poems, saw wood, shine at a dance, report weddings, make a dollar do the work of ten, abuse the liquor traffic, test whisky, go without meals, subscribe to charity, entertain angels unawares, wear diamonds, appraise babies, soothe the disgruntled, fight to a finish, set type, mold opinions, sweep the office, speak at prayer meeting, be all things to all men and a little more than all things to the women.

ROBBED THE ROOST.

Night Owls Swoop Down on the Henneries at Jersey Ridge and Narrowly Escape Disaster.

Thieves stole fifteen laying hens and nine fine turkeys from Mr. N. H. Richardson's farm on Jersey Ridge the other night.

A double-barrel shot gun, arranged to go off automatically, failed to act, else there would have been dirty work for the Corner.

The poultry was not missed in time or the blood-hounds would have been given a chance to take up the trail of the thieves, thought to belong to a gang in Maysville who have been looting the farmers and gardeners all summer.

Apple vinegar—Calhoun's.

There was a picnic at Shannon Saturday.

Gaines Rice caught another catfish that weighed over ninety pounds.

Great removal sale now going on at Hainline's. Everything in the house reduced.

C. J. Hunter qualified as treasurer of school district No. 25, with Dan Maher as surety.

Mr. R. Goodwin and wife returned home Monday from a visit to relatives and friends at Tollesboro.

The cook and a can of coal oil was the cause of a fire that burned Judge Minor's residence Saturday evening at Brooksville.

Mr. Harvey Wells, formerly of this city but now a resident of Newport, had the misfortune to fall a few days ago and fracture his shoulder blade.

As foretold in Saturday's issue, the marriage of Miss Josephine Schwartz and Mr. Charles Driscoll took place at the residence of Father Jones Monday afternoon at 2 o'clock.

The Mite Society of First M. E. Church, South, will meet Wednesday afternoon with Mrs. January. The Home Mission Society will meet Thursday afternoon in the church lecture room at 3 o'clock.

The funeral of Mrs. Manion at Mayslick, notice of whose death was made Monday, was one of the longest processions that have entered the cemetery in a long time. Her six sons acted as pallbearers.

NEW COUNTY ROAD.

Effort Being Made to Shorten the Turnpike Distance From the Springdale Section to Maysville.

The people in the vicinity of Springdale are making an effort to open a county road, running parallel with the C. and O. from Springdale to the mouth of Bull Creek.

As the matter has been explained to us, we are of the opinion that this thoroughfare should be built. Indeed, it is a wonder it was not constructed long ago, not only for the convenience of the residents of that part of the county, but as well in the interest of Maysville business welfare.

The distance to Springdale by this proposed road is about two miles, while at present it is necessary to travel eight miles to reach Maysville. As a consequence much of the trade from the upper part of Mason and the lower part of Lewis counties is now going to Manchester.

This road will make Maysville more accessible to this locality and bring her trade which she is now losing.

We pass the suggestion up to the Board of Trade and the Maysville merchants whose business could stand a healthy increase.

RED LETTER DAY.

Stiff Fines and Jail Sentences Imposed on a Trio of Colored Females in Police Court Monday Afternoon.

When Della Moore and her dusky crowd were "on the carpet" Monday afternoon, it was clear that the majesty of the law was up against a tough proposition.

"Why did you fracture the peace, gentle ones?" asked the City Prosecutor of she with the doggy eyes.

"Ise, sorry sub, deed I is," sobbed Rachel, with a pup-like sadness in her husky voice, "an' I wants to go home."

"I was thinking of how I would like to give you a nice shelter to protect your sunny dispositions from the blighting frost," sighed the hard-hearted court. For the sake of the community at large, it shall be a matter of record that it costs \$55.50 and ten days each to crack heads and disturb public worship at one and the same time.

It was thus the boisterous bunch heard their doom as they filed slowly out of court to begin their long periods of servitude in the bastle over the way.

Training For the Event.

Hereafter Jack Orr, the Ledger's able foreman, will take more careful note of the little things in life—

Paregoric and nursing bottles, for instance.

Jack began a corner on the market early Monday morning and is considering a course in physical culture preparatory to a season of floor-walking this fall.

Baby girls, however, do not always require the strenuous exercise demanded by buster boys, and the paper may continue to go to press with its accustomed regularity.

"The Sign of the Cross," a play that has held its own in spite of the flight of time, and which has drawn to the playhouse priests, clergymen and non-theatre-goers of every denomination, will be the attraction at the Washington Opera House Thursday evening. The play is unique because it deals successfully with a religious subject and at the same time tells a story that is thrilling, full of heart interest and intense human passions. The company that will be seen in this city is said to be a very superior organization, and is under the management of Fred G. Berger. Seats on sale at Ray's Tuesday morning.

Commencing Tuesday, the 13th inst., the Ripley-Maysville boat Mildred Runyon will discontinue the late trip and make a run to Manchester instead. The up-river schedule follows: Leave Maysville at 11:30 a. m., arriving at Manchester at 1 o'clock; leaves Manchester at 1:30, arriving at Maysville at 3. In the Ripley trade the time is: Leaves Maysville at 5:35 a. m. and 3:15 p. m.; Ripley at 10 a. m. and 4:15 p. m. Round-trip 25 cents. Get tickets at O. R. and office, Market street.

SARGENT'S "GEM" Food Chopper

Is a modern kitchen utensil intended to take the place of the chopping bowl and knife, which is out of date. It chops all kinds of meat, both raw and cooked, fish, clams, fruit, vegetables and other articles of food.

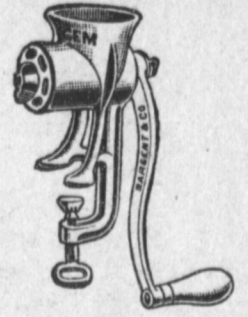

Chops quickly, quietly and easily. No trouble to take apart or put together. It saves time, strength and food and greatly simplifies the making of croquettes, salads, fish balls, hash, Hamburger steak and other favorite dishes without limit. Utilizes "left-overs," which can be made into attractive and appetizing dishes by employing the Gem. Especially useful at this season in chopping vegetables for pickling. Buy one of

COSTS NOTHING UNLESS CURED.

A Fair Offer Made by J. J. Wood & Son to All Sufferers From Catarrh.

J. J. Wood & Son are selling Hyomei on a plan that has caused considerable talk amongst their customers.

The plan is different from that followed by other remedies, but the remedy itself is different also. This treatment for the cure of catarrh has such an unusual record of cures to its credit that J. J. Wood & Son offer to refund the money if it does not give the desired benefit. This is certainly one of the fairest offers that can be made and any one who has catarrh and does not take advantage of it is doing himself or herself an injustice.

Extra bottles of Hyomei can be procured for use with the inhaler at 50c.

Do not suffer any longer with tickling, smarting, burning, eye-watering troubles that afflict those who have catarrh. Hyomei will cure you, but if you should not find it adapted to your case, J. J. Wood & Son will return your money.
